AWEI P28K POWERBANK 10000MAH

Description:

Portable and lightweight external battery - a universal accessory that can extend the battery life of a smartphone or tablet, when you can not get to the outlet.

Two USB sockets make it possible to simultaneously charge two devices at once.

Slim and compact design, very easy to carry in pocket, bag or backpack.

High capacity of 10000mAh; Each of the two USB ports automatically detects optimal charging speed for Android or Apple devices.

Awei P99K Power Bank - 10000mAh

Description:

Brand: Awei

Model: P99K

Battery Capacity: 10000mAh

Battery Type: Polymer Lithium

Input: 5V-2A

Output: 5V-1A/2A

Size: 145*70*16mm

Color: Black/White

Certificates: CE, FCC, ROHS

Function: Over-current, Over-voltage, Low-voltage, Short-circuit, Heat-resistant protection

Usage: For iPhone, for Samsung, IOS, Android System, Smartphone, Tablets, etc.
